EDUCATION

Technological University of the Philippines – Manila

Bachelor of Science in Computer Science

2024

Cumulative GPA: 1.48; *Cum Laude*

EXPERIENCE

BytesCrafter IT Solutions

Biñan, Laguna

Web Developer Intern

March 2024 – June 2024

- Collaborated with senior developers to design and implement new features.
- Conducted testing and debugging to ensure code quality and functionality.

PROJECTS

Job Application Tracker (React JS and Firebase)

2024

- Implemented user authentication with Firebase, allowing secure login and signup functionality.
- Developed features for application management, enabling users to add, update, and delete job applications, with data stored in Firebase Firestore.
- Incorporated real-time updates and status tracking for each application (e.g., applied, interview, offer, rejected), optimizing the user experience with a responsive design.

Sorting Visualizer (Javascript)

2024

- Developed a simple website to visualize various sorting algorithms in real time, enhancing understanding of complex data structures.

(Thesis) Web-based Study Planner for Irregular Students at TUP-Manila (React JS and Laravel)

2024

- Developed a comprehensive web application to assist irregular students in managing their academic schedules and tracking course progress and integrated features for personalized study planning, schedule management, and improving students' organizational skills.
